When the "S" button is clicked, it returns a list of all the search results to the right. When the "X" button is clicked, it removes all the search results. Here's what I have so far... `$("#search-map").on("click", "a.search", function(e) { e.preventDefault(); var map = $("#map-list").data("list"); var search_term = $(this).attr("data-term"); var term = encodeURIComponent(search_term).replace(/!/g, "%21"); var url = $(this).attr("href"); $(".searching").show(); $(".results").hide(); var params = { type: $(this).attr("data-type"), term: term, url: url }; $.ajax({ type: 'get', url: ajax_url_search, data: params, async: false, cache: false, success: function(data, status, xhr) { if (status == 'success') { if (search_term != "") {`
