

# Download

June 25, 2018 - Who needs either the original CD from Microsoft to install Windows 98 (they're still available on websites like eBay) or a valid iso file. â™! To download the Windows 98 ISO image, you will need a computer running Windows 7 or higher (32bit or 64bit) and a USB key, which you can purchase from Microsoft brand store - for example, on eBay (about \$ 50). â™! Make sure you have a USB key with data encryption software and connect it to your computer to create a bootable ISO image. Windows 98 is one of the oldest Microsoft operating systems.
