For more information on both Press X to Not Die and its Collectible Edition, head on over to Definitely one of the best games I've ever played and definitely going into any of my games I play. (I've played most of the board games over the past year like Looney Tunes Chess, Trivia Quiz, Scooby Doo Quiz, Pokemon Quest, Press X to Not Die and also most of the other games). A friend of mine and I were discussing the possibility of joining a competitive team in this game. I got a mention (and praise) from JMcAtty as a multiplayer jack-of-all-trade, I'm honored. I need to gear up, if you know any specific information, ask for me. I still need to add a couple more people to my search. Aside from that, if you haven't tried this game, do. It's really an awesome game. One day, if you wish to challenge me, do it as a Monster Hunter 3 game. It's a lot easier to play with fire on an opponent, even if it's random. I also used to do guides for this game, but I'd have to first finish Season 3, so I'm putting it on hold for now. Hi guys, this is a quick mission update regarding the upcoming Season 4 and the upcoming Mega Quest. - Mega Quest: Mega Quest has been postponed for the moment.
