GAME MODES: Story Mode: Arcade Mode: Three difficulty levels (Easy, Medium, Hard): Classic controls or console controls (Q, A, B, X, Y) Controller support with a tutorial! This game was made to be played with a controller or a keyboard (with d-pad support). You don't need to have a controller to play this game. In the game, you will have the option of choosing between controller and classic controls. It is recommended that you use the controller for a faster, more fluid, and responsive gameplay experience. Game Background: I made this game in 2017, about a year before 2018 and a bit before 2019. My team and I went to the ROPPONGI Festival (converted to C@R in 2019). I created this game around my former partner, Yumiko Kuwayama. I used the KICK logo and wrote a story about a newly divorced father in a ruined world. And I made all of the badminton

rules for it. The basic idea for the game was for us to make a game about a futuristic war that will decide the fate of Earth. We thought that a future game about futuristic badminton would be interesting. So, I made a game that was simple, but the game was about a futuristic war. The two most important images for this game are the glass fortress building and the ship. The glass fortress building was a symbol that represents

**Fall Event Schedule: Head's Up! First of Two Events This Week! Date & Time Location** The theme of this week's Kubz VR Fall Event is "RETROSPECTIVE" - looking back at previous Kubz multiplayer games and seeing how they haven't aged as badly as we hoped. First up, we will be playing "Survival of the Fittest", a game that offers players the chance to play two or three games against each other in a series of rounds. The winner of each round will be declared the winner. This is was first multiplayer game programmed for Kubz VR, so it is a really great place to see how things have improved from our previous efforts. You will need a VR headset (any type) to play, a permission slip (optional) and your own controller (you will need one of the Xbox One controllers). There will be a change of scenery as we move away from the open "escape the room" venue of the last event and head back to a more secluded location. This will be better for the social aspect of Kubz, and the environment will be a bit more intimate. The venue will be closing down so soon after the venue switch that refreshments will be available. However, due to space constraints (and by popular demand), refreshments will be a cash only option, so by buying a pass you will be saving yourself 50c and will be able to use your cash for a round of Kubz instead. Additionally, guests can expect this to be our most enjoyable,

**personable Kubz event yet! We will be playing “Survival of the Fittest” next Thursday, November 30th at 10am PST. I will be joined by Kubz DX 01. We will have one more Kubz VR Games event to attend before the holidays and then we will be taking a break until January 1st. We will be playing “IT’S GAME ON!!!”, the classic arcade game. Initially, we will restrict ourselves to one game in a round of matches until we can negotiate with the venue owner. Hopefully you are all excited to see what will happen. Last but not least, this will be a Kubz VR Gaming Meetup and I have been in contact with the venue to facilitate a space for it (and hopefully Kubz) during the year. It will be held at the venue at**

The Fire Knight is a brooding, rambling Headless Knight bent on revenge. It attacked one of the Three Houses of the Realm, in the way of Lord Baran, but was defeated in his attempt to burn down the region – though revenge is a habit hard to break for him. The story follows Lord Baran, Prince Morgan, and The Fire Knight in their search for revenge. Together they must stop the Fire Knight from destroying the Kingdom once and for all. “The Fire Knight Collector’s Edition has the typical hidden objects puzzles, but it also has a couple of mini games that are really cool.” 8.6/10 - Destructoid “Almost the entire game is riveting, but there are a few moments of unwelcome repetition. There is more of it than any other game of its genre in 2017, though, and it feels pleasant to have a truly well done interactive-adventure experience once in a while.” 8/10 - GameZone “The Fire Knight Collector’s Edition is absolutely worth it.” 9/10 - Game Point “You can experience this phenomenal game for free if you own the Reign of Heros version but get the Collector’s Edition of this game. It’s much more than a simple upgrade. And that title is the best one you can use to describe this magnum opus of a game.” 9/10 - IGN “If you want a straightforward Hidden Object Puzzle Adventure game with a cool twist, you’d be hard-pressed to find something better than The Fire Knight.” 8/10 - Digital Chumps “With The Fire Knight I was so

amazed by the beauty and story, that I forgot to try and discover and solve all the puzzle gems hidden in each scene. So for the first time in a HOP game, I found myself unable to put it down until the very last puzzle.” 8/10 - Adventure-Play
