Furthermore, most of the available data are based on the analysis of phase II studies or pooled data from single phase II studies performed in Europe and North America. Only a few studies included survival data and calculated the median PFS and median overall survival. In this trial, FOLFIRINOX seems to be superior to gemcitabine based on the PFS, with a statistically significant difference of 5.7 months ($p = 0.026$) in favour of FOLFIRINOX, and median OS of 11.5 versus 9.1 months with gemcitabine ($p = 0.53$). As in other studies, this trial was limited by the use of different chemotherapy regimens in the control arm, and other limitations could be patient selection bias due to the inclusion of patients with a proven resectable stage of pancreatic cancer and a minimum performance

I have an abstract class and two derived classes, one with a private member int and the other without the private variable int. I have another class with a setter method that must access the private member. I can access the private member of the derived class and the setter works correctly, but if I change the private member of a derived class, I cannot access it anymore. All the variable has public access. I have a code like this: class Account { private int id; } class User: Account { private int info; } class Company: User { private int surname; } class BankAccount: Account { private Account account; private int mainAccountId; public void setAccount(Account account) { this.account = account; } } class Deposit { public void deposit() { 0cc13bf012

The route begins east of Washington and runs to the Arkansas state line, where it continues as West Bayou Manasota Parkway. AR 348 serves a pair of small villages: Edgin and Saint Mary. Route description Highway 348 begins east of Washington and runs east to the state line, where it continues as West Bayou Manasota Parkway. The highway begins in the rural community of Edgin, running northeast through rolling hills and farms. The route turns east and follows Bayou Manasota, named for the river. Highway 348 continues northeast for before its eastern terminus at U.S. Route 70 (US 70) and US 165. History The road from Edgin east to US 70 was designated as part of a new alignment of US 70 in 1926, and began to receive multiple segments of highway status at the behest of the Arkansas Highway
