The Labyrinth of Time is a 2D physics-based game where you must solve puzzles and explore the mysterious past, present, and future of The Labyrinth. As the Hero, your destiny has been chosen by the legendary King Minos of Crete to explore time itself through the Labyrinth. Solve puzzles that will unlock the secrets of history and all future timelines. Your abilities are limitless; be you a talented, physical agent or a reckless explorer, you have the power to change the past. Only you can

make the future your own... The Labyrinth of Time is a truly immersive experience with high-resolution graphics, beautiful 3D models, and a unique, world-class soundtrack. Download The Labyrinth of Time. Easter egg: There are nine different characters in the game. If you go into the Labirynth you can find these: 1. If you go to the left of the Council Room and go up the stairs you'll find a small "signature" of the King - Minos's profile. 2. If you go to the top of the river bridge you'll find what is known as "the finger of Minos". 3. Near a different path, you'll find a small Queen's chamber, carved into the wall. 4. When you reach the end of the path you'll find a

large series of stones, with a large hole near it. Look down and you'll notice a small hallway - go up and it will lead you to a door that looks like a piece of text. The letters spell: "AND THE WORLD BEGAN". 5. Another place you can find this text: "AND THE WORLD BEGAN". Near it there is a cabinet with a "signature" of the Queen. 6. Also in the Queen's chamber, near the ceiling is a large window with a number of very hard to reach places. 7. Near one of the King's chambers, on a shelf, you'll see that there is an armored helmet. This is the armor that Minos wore in the game. If you wear it and go up the hill near where the King's tomb is, you'll see that, when he was alive, Minos has several parts

of his body broken. 8. If you enter some doors in the Labyrinth you'll see graffiti written on the walls. Some of it reads: "-Tin-, K" and "-ome" 9. A secret sequence of a door in the Labyrinth is that

Windfall is an early access sailing game. It currently features the ability to set sail, and the wind is

accurately calculated by the game. The initial release will include a training area where you can learn sailing basics such as rowing, and sailing rudiments. Expect to learn to sail, and eventually sail on a larger map. Windfall is an Early Access Ship Simulator Game. It features true sailing physics and accurate simulations of the forces involved in sailing. It is also an Multiplayer VR sailing simulator. What this means is that you can have hours of sailing fun with or against your friends, and work together to achieve greater goals. About Windfall: Windfall is an early access ship sim. A quiet, thoughtful puzzle game. 3/5 GuardianInside the artfully-designed box of Please Fix The Road, a tight mixture of light puzzles and a jolly jaunt on a bus. GameZone 4/5 Criticiasoft's beautiful little puzzle game is a gentle yet powerful reminder that games can be powerful in their simplicity. Super Duper Games 4/5 Rock, Paper, ShotgunCharming, amusing, and utterly addictive, Please Fix The Road is a work of art - as well as a good game. Aoife's Teabag 3/5 KotakuComing to iOS in mid-February, games like Please Fix The Road offer a powerful message about accepting those

who are different from us. Philip Merrill 4/5 Pocket TacticsThe way the game forces you to focus on each item's unique qualities makes Please Fix The Road a particularly engaging puzzle. 4/5 Apps of the WeekRock, Paper, ShotgunSome designers worry that puzzle games encourage emotional detachment, but please fix the road is more fun than a blindfold game. Game Droid 4/5 Touch ArcadePlease Fix The Road would be a perfect game for families. It's an elegant, unpretentious, thought-provoking puzzler. Vincent Amiel 4/5 IGNThere's a lot of thoughtful and intriguing play here, and the game isn't half as repetitive as it might seem at first. Alexei Hay 5/5

TIGSourceOne of the most difficult puzzle games I have played. You can feel the love that has gone into the puzzles and music in this simple game. This is a game I will be playing all summer and have recommended it to many, many friends. Drowning Stars (game) 3.5/5 8 Bit RebelsThe nice thing about Please Fix The Road is that it's really good at what it does, but also gets away from the formula with a lot of clever twists. Nick Robinson 4/5 SiliconeraPlease Fix The Road is an enjoyable, inventive puzzle game that's exactly as it sounds. Cory Gullikson 4/5 KotakuThe game feels both magical and mysterious, and it's clear that much care went into the game's

aesthetic. Neil Saver 4/5 Den of GeekPlease Fix The Road is a delightful puzzle
