fort boyard gameplay: each time that you complete one of the challenges in fort boyard, you will receive a boyard coin that will be used to unlock additional content. the level of difficulty and the number of coins that you get depend on the level. you can also use the coins to buy upgrades for your character. the graphics of fort boyard are good. when you start the game, you can choose between 2 skins: fort boyard – the glorious fort and fort boyard – black gold, which is a map with a more sinister feel. i recommend the latter. fort boyard graphics: the gameplay is ok but the graphics are great. the background looks like a map that you would find in a video game of the 80's and the graphics are really good. fort boyard controls: the controls are simple and easy to use. you move your character with the
