[Read more...] I decided to include them for the "adult" Monly race. it is better to copy these models from other characters or from characters that are already in the game. If you make these characters from scratch, you will have to use their animations. I hope you succeed. And be sure to add them to your collection. # Here is a list of what I want to see in this mod: 1) Monly. I decided to take Monly as a model, because I really love her body and face. 2)
