In fact, all these people died like everyone else. Their deaths were not related to crime or murder. These people died from what each of them did daily. They died because their deaths were necessary. And those who were responsible for them knew about it, didn't they? This story is about an undercover FBI department that has been involved in a series of mysterious murders. And this story begins right now. Not while you are reading these lines, but right before you are reading them. dd2bc28256
