Unfortunately, most anime in The Pirate Bay is either in Japanese or with corrupted English dubs. Alternatively, you can try AnimeSubs, a free site where you can download all episodes of Naruto Shippuden dubbed in English. Some of these are rather old due to copyright issues. ## Download All Naruto Shippuden Episodes English Dubbed

These are some of the best Naruto Shippuden English dubbed episodes from the entire series. Enjoy Naruto Shippuden English dubbed without any interruption here. For episodes directly in English, you can try J-list. But I would recommend using the same subtitles on Hulu. In the most recent episodes of Naruto, Sasuke is unable to escape the influence of Itachi and begins to battle the jinchuriki.

Whilst this is taking place, everyone at the Hokage Clan begins to investigate the recent apparent death of the Fourth Hokage. However, as expected, Team 7 is defeated by the enemies and Naruto begins to lose hope of ever getting his dream back. In the aftermath of the encounter with Itachi, Sasuke leaves Konoha for the mountains to recover and to regain the full strength of his Rinnegan.

Whilst he is gone, Naruto begins his journey to try to find and rescue Sasuke. Unfortunately for Naruto, he is temporarily foiled by the appearance of the Yondaime. The current Hokage of Konoha, Hinata Hyuga, begins to release the chakra juzu split into two parts (the A- and B-split) that Naruto should be able to use in tandem with his chakra-reviving techniques. This new method of transferring chakra is in order to make sure that Naruto is strong enough to defeat the Kyuubi. However, this gives him a problem, as his body is currently constrained to stay within the limits of its physical form. Its the second site to offer free HD dubbed Naruto Shippuden, but 3DCG.net is actually the primary place to watch all episodes. They also have the dub for dubbed episodes and Japanese with English subtitles versions. An admirable fact is that 3DCG.net comes with tons of free anime like Naruto Shippuden dubbed in HD. It has over 200+ episodes of Naruto Shippuden English dubbed full episodes in HD format. Even so, one fact you will find many fans dislike about this site is the lack of easy navigational features. This in fact is a little problem that makes it challenging for the less-experienced users to find their way around this site. This makes it more difficult to get to Naruto Shippuden dubbed episode you are watching. 5ec8ef588b
