
Download [UPD] Harvard Referencing For Microsoft Word 2007

microsoft word 2013 formatting guide > the guidelines for formatting a reference list > references, list of. although the guidelines for formatting a reference list is a guide for creating lists of references in the correct format for the apa style, it also contains several other helpful tips for formatting reference lists that are not limited to the apa style. if you're using microsoft word 2013, the only way to get a harvard referencing style to work properly is to download the harvard style form here. the harvard style form is the one created by cornell's referencing wizard, bryan jordan. the style files are an all-in-one format that work with most bibliography styles. the harvard style also has a companion form called harvard style reference list form that is designed for the reference list. instead of going through the trouble of having to download a zip file, which i am not sure i have the correct format for, i would recommend just downloading the harvard style reference list form directly from the cornell university website by clicking on the link below. the harvard style form is the perfect way to create a proper harvard style reference list in microsoft word without any problems. while the apa style is included in microsoft word, the harvard style requires you to download another form (formatted for the harvard style) and install it. the harvard style is very difficult to use if you have never used it before. the harvard style formatting guide only has one page, so it's easy to print out and refer to it every time you create a new list. it's also easy to install into your microsoft word style directory. click the link below to get started.
